Based on Art. 24, para.2, and Art. 25, para. 1 of The law on travel documents (“Official Gazette” of The Republic of Serbia, no 90/07),
The Minister of Interior enacts

REGULATIONS ON FORMS OF PASSPORT, DIPLOMATIC PASSPORT AND OFFICIAL PASSPORT

Article 1.

This regulation describes the forms of passport, diplomatic passport and official passport (in the following text: the forms) and the protective elements included.

Article 2.

The samples are rectangular in shape, the size is 88x125 mm, in a form of a booklet which is, apart from the cover, formed of a polycarbonate sheet and 32 pages of the booklet. The both sides of covers are burgundy-red, while in inner sides of covers, polycarbonate sheet and pages of the booklet red, yellow and blue tones prevail.

The samples are made in accordance with standards ICAO 9303, with the recommendation of the EC Council number 2252/2004, as well as the standards ISO, ISO/IEC 14443 and ICAO NTWG.

Article 3.

The covers are made of scivertex-secura material on the outer side, while on the inner side there is protected paper.

The polycarbonated sheet consists of several layers concisisting microcontroller in which the data for electronic reading will be issued according to the law (biometric passport).

The pages of the booklet are made of protected paper.

Article 4.

Printed elements on the cover are in golden letters, while the inscriptions on inner sides of the cover, on the polycarbonate sheet and the pages of the booklet are in blue.

Article 5.

Together with the space for data regulated by act 24 of the “Law on travel documents”, the front of polycarbonate sheet includes the space for the following data:

- 1) type;
- 2) code;
- 3) the number of passport.

The front page of polycarbonate sheet includes the space for:
